

Woodlands Generators

Lighting Towers

Features

- 4 x 1000W metal halide metal lamps
- Alternator 8 kw
- Hydraulic mast in vertical position, 360° rotation
- Quick and fully automated mast deployment to full height of 9 metres
- Automatic hydraulic safety system
- 140 litres fuel tank for 85 hours running
- Noise level 60 db(A) @ 7 metres
- Bunded base frame will collect 125% of all fluid in the set
- Bio-degradable hydraulic oil system
- 4 deploying stabilizers (option)
- Fork pockets
- 2 x 220V single phase sockets 16A
- Tool rack
- Easy and quick to service and maintain
- 16 units on a 40ft flat truck

Technical Data

| | | | |
|----------------------|--------------------|-------------------------|---------------------|
| PRP / standby power | 9kVA / 11 kVA | Mast-maximum height | 9010mm, Zinc plated |
| Engine | Perkins 403C-11G | Mast rotation | 360° |
| Alternator | 8 kw | Mast raise / lower time | 15 seconds |
| Fuel tank capacity | 140 litres | Mast erection | Hydraulic 230V |
| Fuel consumption | 1,6 l/h | Lamps | 4x1000W 230v |
| Maximum run time | 85 hours | Number of sections | Metal Halide |
| Power outlet sockets | 2x16 Amp, 230V | Stabilizers | 424,000 Lumens |
| Hydraulic system | Bio-degradable oil | Weight fully fuelled | 8 |
| Enclosure protection | IP 23 | Weight un fuelled | 4 |
| Noise level | 60 db(A) @ 7m | | 1138kg |
| Bunding | 125% engine fluids | | 1030kg |

Please contact the sales department for more information and quote on this product or any other enquiries.

We also specialise in the hire, service, installation & commissioning of all types of generators & associated equipment – please contact us for more information.
